

Rovers Agenda For Change

A positive future for Bristol Rovers FC

What is Rovers Agenda for Change?

Rovers Agenda for Change (RAfC) is a vision for the future direction of Bristol Rovers. It has been developed by four former directors of BRFC, Mike Turl, Kevin Spencer, Colin Williams and Kim Stuckey, who believe that change is necessary for Bristol Rovers to be united as a club and move positively into the future. RAfC is seeking support and help from anyone with an interest in Bristol Rovers: the current board, the club's support groups, individual fans and businesses.

The key objectives of RAfC are:

- To source and inject fresh financial investment for Bristol Rovers FC.
- To give fans an immediate stake in how the club is run.
- To ensure that everyone - individuals, support groups and board members - pays the same price for shares in the club both now and in the future.
- To form a Community Interest Company, which will protect the Memorial Stadium as an asset for the club.
- To ensure profits from the proposed ground regeneration are ploughed back into Bristol Rovers rather than going to individual shareholders.
- To heal the gulf and lack of trust between the board and the supporters that has developed over recent months

What can I do?

RAfC wants as many people as possible to be involved in making the vision a reality. You can show your support or find out more in a number of ways:
